DOWN AN INCH A DAY.

Reservoir Shows Steady Loss-Venturi Meters Give Average Consumption of Over Two Million Gallons.

A steady drop of an inch per day in the water at Fairview reservoir is recorded by the measurements made by Supt. John J. Corkery, and the same rate of fall has been maintained aiso since the first of August, when the use of hose for sprinkling was prohibited. When measured Wednesday the reservoir was down 147 1-2 inches from full pond. The rainfall of Tuesday morning measured .26 of an inch, but did not show anything in the pond, as the loss of an inch was

the pond, as the loss of an inch was recorded as usual.

Since the Venturi meters were started last Friday, an accurate record of the amount of water used has been secured, from which it is shown that the city is using an average of over two million gallons in twenty-four two million gallons in twenty-four hours. In the five days and four hours in which the meters have been running since last Friday they have measured 10,150,000 gallons of water used.

The meters show that between the The meters show that between the hours of 12 midnight and 5 a. m. water is used at the rate of 1.400,000 per day, and for the rest of the day the rate of use is 2.500,000 per day. By reference to the dial on the meters it is possible to tell at what hours in the day the use of water is greatest, as a mark is made in ink for each ten minute period. Superintendent Corkery is now figuring on the problem of what should occasion such a large use of water in the hours from midnight to early morning. early morning.

TO BUILD SUBMARINES AT GROTON

Electric Boat Company Takes Fig Shipyard-Will Employ 200 to 300 Men-Skilled Mechanics at Weekly Payroll of About \$4,000.

The terms of the lease and purchase of the plant and property, formerly occupied by the Eastern Shipbuilding company at Groton, were agreed upon Wednesday in New Haven between the officials of the New York. New Haven and Hartford Railroad Co. and of the Electric Boat Co., through subsidiary companies, by contract with shipbuilders, and in its own shops builds the submarine torpedo boats now extensively used by the United States, England and other foreign governments. Also this company has patented and builds a very efficient air compressor and is engaged in the manufacture of oil agines for marine and stationary installations. Its business as a whole entails many different branches of unique naval construction.

At the present time the company

At the present time the company has a well equipped machine shop and extensive draughting rooms and offices. It is proposed to move to New London at once this part of the business, which gives employment to 200 or 300 men with a weekly payroll of \$4,000.

The existing contracts with the U. S. government insure work for several years, and the development of the submarine from a harbor defense craft to an ocean going offensive engine of war with a seagoing mileage of upward of 4,000 miles, makes the future of the submarine boat a certainty and the work for the company that will locate here well assured. It is hoped and confidently expected that eventually all of the operations of the Electric Boat company, which that eventually all of the operations of the Electric Boat company, which are very extensive, including the business of the Electric Launch company and the Electric Dynamics company of Bayonne, N. J., the experimental work of the National Torpedo company, as well as the engine and hull

REGIMENTAL REUNIONS. Eighteenth to Meet at Norwich-

Twenty-sixth at Golden Spur This

On the 48th anniversary of their leaving this city for the front, the Eighteenth Connecticut Volunteers are Eighteenth Connecticut Volunteers are to gather at Buckingham Memorial on August 18th. Notices to the 307 old soldiers whose addresses are known are being sent out this week by Secretary Hovey of the regimental association. There are 48 men whose whereabouts are not known, and Secretary Hovey has the names of 25 deceased members of the regiment to record since the last reunion, most of them having died in the past year. During the reunion there will be the usual dinner by the Woman's Relief corps.

The annual reunion of the Twenty-The annual reunion of the Twenty-sixth regiment, Connecticut Volunteers, will be held on Wednesday, August 17th, at the Golden Spur, New London. Circular letters have been sent out by the secretary to all members and it is hoped that every one will make an attimpt to attend. The business meeting will be held at 11 o'clock and dinner at noon. A very nice menu has been prepared and also an interesting entertainment for the afternoon.

WITH THE GRANGERS.

New London County Pomona Issues Many Invitations-Ledyard and Preston City to Have Joint Meeting.

Worthy Master Everett P. Barnes of the New London County Pomona grange, No. 6, P. of H., has just issued notices for the August meeting of the order at Preston City on the third Thursday of the month. These notices have been sent to the Worthy Master of every subordinate grange in New London county, the members of the Pomona grange executive committee, and to others who are prominent in the work of Patrons of Husbandry throughout the state. Worthy Lecturer G. Warren Davis is at work on a first class programme and if the weather conditions are favorable on the date of the meeting a good sized crowd is expected.

crowd is expected.

Mrs. Erva L. Barnes, worthy lecturer of the Preston City grange, is preparing an interesting programme which the members of the Preston City grange will furnish at a joint meeting of their order with the Ledyard Pat-rons of Husbandry. This joint meet-ing will take place the Saturday eve-ning after the Pomona meeting.

OBITUARY.

Walter L. Rice. Walter L. Rice of 1173 Chapel street, New Haven, died suddenly at the rail-road building in that city on Tuesday morning. He is survived by his wife, mother and two sleters who reside in New London.

Mrs. Charles Holmes. The death in East Lyme on Tuesday of Clarissa Mehala, widow of Charles Holmes, marks the passing, at the age of 73 years, of one of the best known members of the older generation of that town. Mrs. Holmes died at the residence of her daughter, Miss Emma Holmes, in Walnut Hill, after an ill-

residence of her daughter, Miss Emma Holmes, in Wainut Hill, after an illness of two weeks' duration, the cause of death being pleurisy.

Until she was prostrated by her last illness, Mrs. Holmes was active in all work about the place and took a lively interest in everything pertaining to the social and religious welfare of the community, where she was looked up to and highly esteemed.

Mrs. Holmes leaves many relatives to mourn her loss, among the number being two sons. George I, Holmes of Wainut Hill and Albion Holmes of Grassy Hill; six daughters, Mrs. Powers of Chesterfield. Mrs. Edwin S. Henry of Palmertown. Miss Ellen Holmes of Uncasville, Mrs. Harriet Chappell of Fitchville. Mrs. Mahala Rudd of Palmertown, and Miss Emma Holmes of Wainut Hill. There are also three sisters, Mrs. Avery and Mrs. Williams of Norwich and Mrs. Mary Woodmansee of Palmertown, and one brother, Henry Frink of Montville.

John Scanion.

John Scanion.

John Scanion, for many years a resident of Greeneville, died at his home, 124 Waverly street, Providence, on Tuesday after an extended illness, After being in the employ of the Shetucket company, twelve years ago Mr. Scanlon moved to Providence. He is survived by his wife, who was Miss Mary Cavanagh, and five daughters, Mrs. James Dawley of Peck street, this city, and Misses Anne, Bridget, Kathryne and Patricia of Providence. Local relatives left for Providence Wednesday morning.

Three Fined in City Court. Three Fined in City Court.

Sadie Wheeler, H. Lessard, aged 33, and W. Pechle, aged 19, the two latter of Glasgo, who were all concerned in a Sunday drinking party, which ended when the men left the woman behind a wall on Hamilton avenue, were all fined in the city court on the charge of intoxication. They were unable to pay and went to jail. The two men were fined \$5 each and costs and the woman \$10 and costs.

The men said they bought beer and whiskey in a Franklin square saloon on Sunday morning. They had the empty bottles in a shoebox to show.

SUNK OFF WATCH HILL. Barge Went to the Bottom with Load

of Oyster Shells-Two Men on Board

Arriving at Providence on Wednesday from New York, Capt. Frank M. Sutton of the tug Roger Williams reported the loss of the barge William H. McClave off Watch Hill last Thursday. The crew of two men was rescued from the sunken barge by the tug through oulek work on the part of tug through quick work on the part of Captain Sufton, as the harge went to the bottom in less than twenty min-utes after her master signalled that

she was in distress.

Although the McClave sank in a smooth sea and in broad davlight, both of the men in her would have drowned but for the rush of the Roger Williams to the rescue, for neither of the endangered mariners could swim a stroke and the barre was without anything and the barge was without anything on which they could have relied for safety. She had no boat of any kind and not a life preserver aboard, al-though subject to the laws which call for lifeboats and life preservers. Her captain was James J. McGinnity of Providence.

Providence.

The McClave, which was built in 1868, and is of the taype known as a North river barge, finished loading a cargo of oyster shells in East Providence last Wednesday and the Roger Williams took her and the Clinton Point (another shell-laden barge, in tow for New Haven. Thursday forenoon the tow was about five miles east of Watch Hill and about two miles off shore. The weather was clear and fine, the sea calm.

shore. The weather was clear and fine, the sea calm.

About 11 o'clock Captain McGinnity climbed up on the deckload and began shouting, at the same time waying a coat wildly. Captain Sutton was far ahead, at the end of a long tow line, but heard the captain's cries for help. By the energetic waying of the coat Captain Sutton knew that something must be wrong with the McClave and without stooping to throw off the hawmust be wrong with the McClave and without stopping to throw off the hawser connecting the tag with the Clinton Point, the head barge, the tag circled around, and was soon alongside the McClave. "Get away quick, my old sied is going to the bottom right now," exclaimed Captain MsGinnity as he and his deck hand landed on the tag's deck and after two flying leaps to safety. He spoke truly, for as the Williams backed away, the barge broke in two in the middle and deposited herself and her 10.000 bushels of oyster shells on the bottom, 20 fathoms below the

on the bottom, 20 fathoms below the on the bottom, 20 lathoms below the surface.

The McClave was owned in New York. Her wreckage is beginning to come ashore on the beach between Watch Hill and Pleasant View.

FUNERALS.

Lucy E. Perkins. The funeral of Lucy E. Perkins, for-merly of New London and Stonington, who died in Preston last Saturday took place at the Gales Ferry Methodist Episcopal church at 2 o'clock on Wednesday afternoon. There was a large attendance and the pastor of the church, Rev. J. Wilson Harrison, of-ficiated. Friends of the deceased act-ed as bearers and burial was in the cemetery at Gales Ferry.

By the 10.45 a, m. trolley on the Norwich & Westerly road, Undertaker Gager sent the body of John Exley to Westerly on Wednesday. It was ac-companied by two brothers of the de-ceased. Burial was in the family plot ceased. Burial was in the family plot at River Bend cemetery at Westerly, after services had been held in the chapel. Among the floral tributes were a form from the officers of Christ church and a pillow from Mr. and rMs. Joseph Hartley.

Mr. Exley is survived by two brothers, Thomas Exley in Cherokee, Kansas, Ira in Lawrence, Mass., and two sisters, Mrs. Mary Morgan in Westerly and Mrs. John Bedford in Arling-

All Over America the News of the Marvelous Dandruff Cure of Parisian Sage Has Spread.

Parisian Gage Has Spread.

A few years ago there was introduced into America a cure for dandruff. failing hair and all scalp diseases.

News of the quick action of this wonderful invigorator spread rapidly.

And today, without any sensational or untrue advartising, Parisian Sage is used extensively in almost every town in America. And what has produced this great demand? Simply this: Parisian Sage does just what we are telling the readers of The Bulletin it will do.

We claim, and we back our claim with The Lee & Osgood Co.'s money back guarantee, that Parisian Sage is the most invigorating and rejuvenating hair tonic. It cures dandruff, stops failing hair and sching scalp; it makes the hair grow strong and vigorous, yet soft and lustrous. It is the only hair dressing that reaches the root built of the hair and Cestroys the dandruff germ.

And to the women who are reading

engines and other operations, the new company will have the manufacturing of spare parts and the repairing for all submarines that have been built in this country by the Electric Boat Co., which will be a constantly growing business as the number of boats in use increases. A representative committee of New London men have made a careful investigation of this matter and will within a very short time be in a position to place it before the people of New London and Groton, with a view to securing subscriptions from such people as would interest themselves in making a new era for New London and Groton.

To a residential community like New London and Groton a peculiarly attractive feature of this company's business is the type of men employed. They are very high grade mechanics and specialists, receiving maximum wages in their several lines and they will be an orderly and intelligent addition to the citizenship of the towns. The credit for directing the attention of the officials of the boat company to the advantages of New London belongs to Stephen A. Gardner, Jr., and Robert S. Gardner, S. A. Gardner, Jr., has been in the employ of this company for a number of the company's boats at Seattle.

Capt. Frank T. Cable, L. Y. Spear. H. R. Sutphen, officials and technical men of the Electric Boat Co., have visited New London on several occasions during the past few weeks and they are very enihusiastic about the facilities and opportunities offered for the company's boats at Seattle. the hair and cestroys the dandrungerm.

And to the women who are reading this simple statement of fact, we want to say that Parisian Sage works wonders with women's hair. It will turn dult, harsh and faded hair into beautiful, radiant and lastrous hair in a few days, and is the most pleasant and satisfying dressing any woman ever used.

Druggists everywhere and The Lee & Osgood Co. (ell Parisian Sage for 50c a large bot'le.

Acute or Chronic-Which? No matter if your kidney trouble is acute or chronic, Foley's Kidney Remedy will reach your case. Mr. Claude Brown, Reynoldsville, Ill., writes us that he suffered many months with kidney complaint which baffied all treatment. At last he tried Foley's Kidney Remedy and a few large bottles effected a complete cure. He says: "It has been of inestimable value to me." Lee & Osgood Co.
